- To broaden and enrich the PE and sporting opportunities available to pupils;
- To develop a love of sport and physical activity;
- To encourage life-long participation in sporting activities.

### Details of expenditure of the PE and Sport Grant 2018/2019

Item / Project	Cost	Objectives	Outcomes achieved
Employ a qualified sports coach to deliver a bespoke programme of PE and sporting activities to meet the needs of pupils, to include gymnastics, football coaching, athletics and invasion games.	Total for 39 sessions <b>£3,500</b>	To provide pupils with broader experiences in PE. Developing fine and gross motor skills. Enrichment. Developing skills for a new sport. Developing love of a sport. To work with staff and develop their expertise and confidence.	Children's fitness and sporting achievements have improved. Pupils have gained confidence in all areas of PE. This includes gymnastics, team games, athletics and dance. Feedback for pupil and staff indicated that physical activity is popular and beneficial to pupils. This has raised children's self-esteem and several pupils have successfully lost excess weight and as a result are healthier in both mind and body. The behaviour of several pupils has also notably improved, due to a more settled state of mind and greater confidence
Designated CPD time for all class teachers.	1 hour per week of teacher's time at individual teacher's rate <b>£7100</b>	To observe the teaching of the professional coach, jointly assess children, develop confidence in teachers' own practice and develop the PE curriculum.	Long, medium and short term plans have been developed and followed in order to ensure effective coverage of different sports and physical activities. Teachers have successfully increased their own teaching abilities in order to deliver additional P.E lessons to their classes, which have supplemented the

			quality teaching of the sports coach and embedded the children's skills and abilities.
Participation of sporting competitions and events within EOCT community Trust	<b>£2700</b> Including mini bus transport & teacher release time.	. Pupils to participate in football, athletics, 'potted sports' & netball activities at local schools.	A substantial number of children have participated in local sporting events within EOCT Children have benefitted by improving confidence, raising aspiration by playing against teams for other schools and also enjoying a sense of achievement
Forest schools training course	<b>£190</b> 3 sessions	To encourage physical outdoor learning activities in Foundation stage	The EYFS teacher has successfully implemented new outdoor play initiatives which are delivered daily during both focussed and continuous provision within the EYFS play area, in addition to using the woodland and school field in order to promote children's physical strength, coordination and enjoyment
Elite Sports forest school sessions for years 1-4	<b>£510</b> <b>6 week course</b> <b>x 2 classes</b>	To provide alternative physical activity through outdoor learning & team building activities	Pupils learned new skills, physical resilience and benefitted from healthy outdoor activity within our own woodland.
Weekly wake up shake up club (dancing )	<b>£1687</b>	To develop fitness and coordination. Weekly group practice session, who then lead the whole school daily.	A weekly practice group was held. Pupils gained confidence and physical fitness by practicing their routines, They also showed initiative by often designing their own routines, which were then modelled to the whole school, in orders for all pupils and staff to join in daily sessions. This improved general fitness, coordination enjoyment of dance and mental

			awareness in preparation for learning.
Weekly football club. Teacher's time in order to lead the club, plan matches and accompany the players as necessary.	<b>£1220</b>	Weekly football practice to train the school football team after school.	
Purchase of 8x class footballs to be used during playtimes	<b>£120</b>	To encourage physical play and responsibility for each class to organise their own games	Individual classes developed a sense of responsibility and ownership, keeping their own class football and having the flexibility to organise their own games (particularly on the school field during dry weather). Children played football, in addition to new games which the children invented. This increased physical activity and enjoyment of team games.

### Summary

Total funding received	<b>£16,446</b>
Total Expenditure	<b>£17026</b>
Amount Remaining	<b>£- 580</b>
